

Community Asset Transfer Request

India Tyres Playing Fields, Inchinnan Development Trust

Representation – St Mirren Youth Football Club (PUBLISHED)

31/03/2022

St Mirren Youth Football Club, fully support Inchinnan Development Trust with the Community Asset Transfer of the India tyres Playing Fields.

The Club has been working in partnership with Inchinnan Community Council, since they invited us to make use of and manage 'The Tyres' in 2017.

The Club has also been working with Inchinnan Development Trust, since before and during its inception. We fully endorse this application and are delighted with its current progress through the process.

I have attached some background information - essentially Feasibility Report content, by the Sports Turf Research Institute (STRI).

The Club commissioned this study as a proof of concept that could realise the potential of the playing fields, and redevelop the space as a modern sporting, recreational greenspace, whilst also acknowledging and paying homage to the rich industrial heritage of the venue.

The Club looks forward to working with Inchinnan Development Trust!

END
