## What we want to achieve

We have agreed seven outcomes that we will aim to achieve with our partners. These are as follows:

### Key theme: Safer and stronger

- Vulnerable adults and children live as safely as possible in the community.

### Key theme: Wealthier and fairer

- Local people have a better quality of life and live independently in their homes and communities where appropriate.

### Key theme: Smarter

- More vulnerable children and young people have a better start in life and are ready to succeed.
- Our services work effectively with others to ensure that vulnerable people get the support they need from the right person, at the right time, in the right place.

### Key theme: Healthier

- Local people are healthier and more active, regardless of who they are or where they come from.

### Key theme: Developing our Organisation

- Our staff have the skills, abilities and flexibility needed to achieve these high level outcomes.
- Service users, communities and staff are more engaged and involved in activities to improve our services.
