**Youth Justice  
Resource Directory  
Updated April 2010**

# Services that tackle and prevent youth crime Renfrewshire 2010

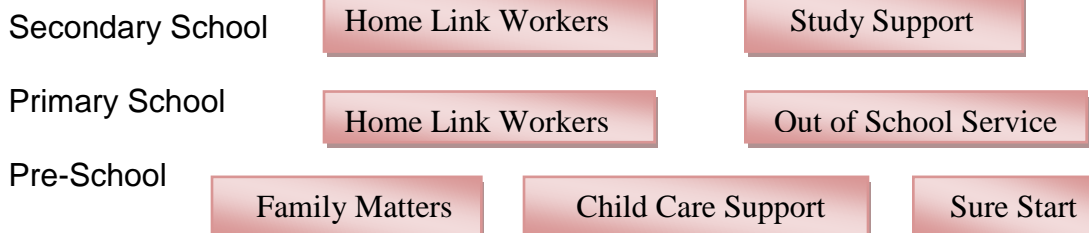

## Main Line/Core Services Responding to Youth Crime

## Detection/Processing of Crime

## Early Intervention/Prevention

The Youth Justice Resource Directory has been compiled using information available (at time of going to print) on the services provided throughout Renfrewshire aimed at preventing or addressing Youth Crime. It is not exhaustive and may be added to as other resources are identified. In addition, it is recognised that young people may engage with these at various stages of their lives.

Although the directory gives some indication in respect of where services are placed within the continuum of provision, it is recognised that many can be accessed at more than one stage and that young people can move down as well as up in respect of intervention required.
