(Max 500 characters)

Erection of two Chalets

Type of Application

What type of application did you submit to the planning authority? *

- Application for planning permission (including householder application but excluding application to work minerals).
- Application for planning permission in principle.
- Further application.
- Application for approval of matters specified in conditions.

What does your review relate to? *

- Refusal Notice.
- Grant of permission with Conditions imposed.
- No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: * (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

The incorporation of measures of mitigation adequately deals with the Policy 22 of NPF4 and Policy 13 of the LDP and the New Development Supplementary Guidance on Delivering the Infrastructure Strategy (Flooding and Drainage) as outlined on the submitted Appeal Statement, Amended Site Layout and Flood Risk Assessment by Messrs Terrenus Land & Water.

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? *

Yes No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: * (Max 500 characters)

Increasing the Finished Floor level by 150mm to take account of the 300mm freeboard on the 1 in 200-year plus climate change event peak water level and a 350mm freeboard on the 1 in 1000-year event. SEPA had this information but the Officer did not. Additionally incorporating a small raised stilted walkway to an exit point on dry land.

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: * (Max 500 characters)

1. Appeal Statement Application 22/0706/PP 2. Revised drawing L(-)01 Rev A indicating extent of raised walkway. 3. Terrenus Land & Water, Flood Risk Assessment
