

HOUSING (SCOTLAND) ACT 2006

The Orchard Street Housing Renewal Area

Designation Order 2017

Renfrewshire Council make the following order in exercise of the powers conferred by section 1 of the Housing (Scotland) Act 2006.

This order may be cited as the Orchard Street Housing Renewal Area (HRA) Order.

The locality delineated in the map in schedule 1 is designated as the Orchard Street Housing Renewal Area.

The reason for the designation is that:

- A significant number of the houses in the locality identified in the map in schedule 1 are sub-standard; and
- The appearance or state of repair of houses adversely affect the amenity of the locality identified in the HRA.

A Housing Renewal Area Action Plan is included in schedule 2 to this order.

Executed on behalf of Renfrewshire Council at Paisley, on 27th March 2017

Mary Crearie

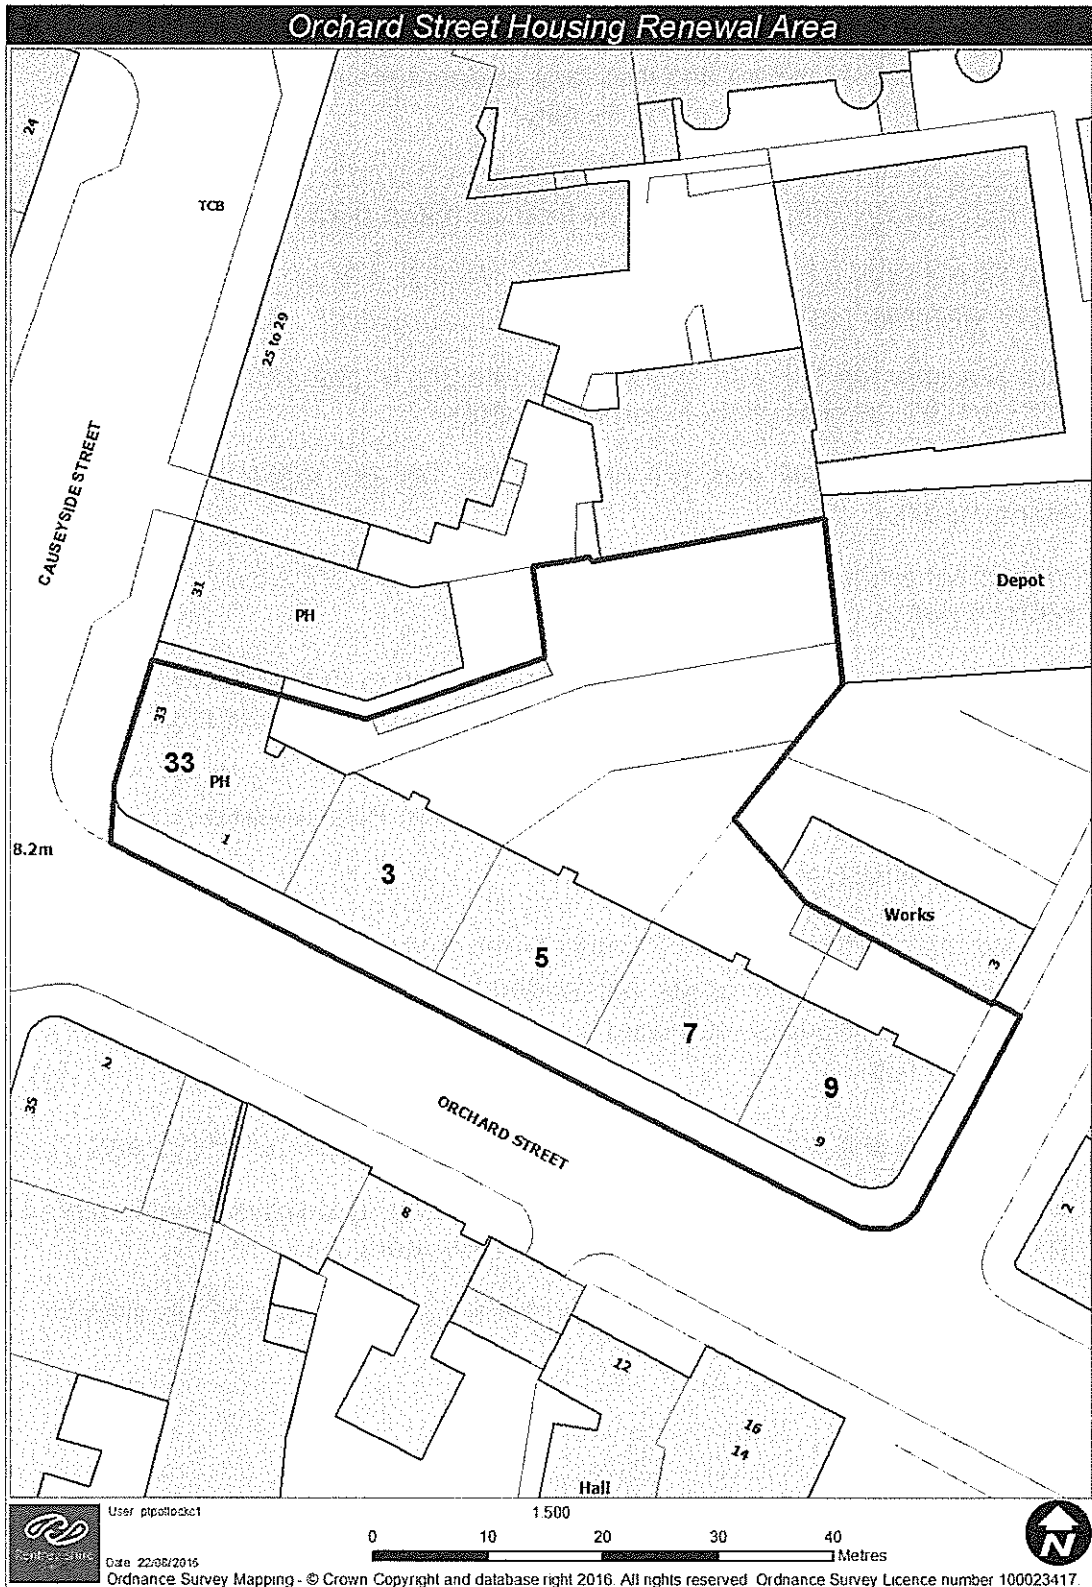

Director of Communities, Housing and Planning Services

Varied in terms of s4.(4) of the Housing Scotland Act 2006 on 16 Oct 2018.

Schedule 1

Schedule 2

Orchard Street Housing Renewal Area - Action Plan

The following houses within the Orchard Street Housing Renewal Area (HRA) are considered to be sub-standard and that their appearance or state of repair is adversely affecting the amenity of the locality:

These houses are required to have work carried out in or in relation to them for the purposes of bringing them into, and keeping them in, a reasonable state of repair and for the purposes of enhancing the amenity of the HRA.

Renfrewshire Council intends to implement this Action Plan within a 5 year period.

Property/Areas Which Requires Works

The work specified in this Housing Renewal Area Action Plan to the houses listed and their associated common areas is intended to comprehensively improve the houses to achieve a habitable standard and extension to the life of these properties of 30+ years and will:

- Improve the safety or security of the houses and persons living there;
- Reduce the long-term burden and costs to property owners of maintaining the properties and their common parts, in future years; and
- Enhance the amenity of the common backcourt areas and of the area in general.

How this Action Plan will be Delivered

This action plan describes the work required to deal with the sub-standard housing and amenity of the area.

To tackle the very poor condition of the buildings, to prevent further deterioration and to ensure that they are safe, secure and can be maintained in the future, it is considered necessary that a full comprehensive tenement improvement refurbishment is the only viable solution.

The estimated costs associated with promoting the necessary repairs and improvement works are, however, significant.

Renfrewshire Council has worked in partnership with Paisley Housing Association and the Scottish Government to secure a funding package that would allow a scheme to progress. Paisley Housing Association would seek to secure ownership of the properties through voluntary acquisition. Paisley Housing Association would commission an independent valuation of properties and offer owners the current market value based on this valuation.

Paisley Housing Association would organise and oversee works to the buildings and common areas.

Paisley Housing Association would retain ownership of acquired houses and on completion of works the houses would be let as social housing. In order to secure

future maintenance to common areas, the Council would encourage owners to appoint a factor. Paisley Housing Association is currently willing to act as factor.

Paisley Housing Association and Renfrewshire Council will provide advice and guidance to owners of properties identified in this HRA Action Plan.

Renfrewshire Council and Paisley Housing Association will endeavour to help where possible any resident permanently displaced from their living accommodation as a result of the implementation of this action plan to secure alternative accommodation.

Where an owner decides not to sell to Paisley Housing Association they may decide to participate in the scheme and will therefore be liable for their share of the total cost of works.

In these circumstances, the Council may be prepared to offer grant assistance to owners who wish to participate in the scheme and who enter into a binding Minute of Agreement and mandate for the payment of grant with Paisley Housing Association, acting as agents of the Council. The Council's Scheme of Assistance (as provided in line with the Housing (Scotland) Act 2006) sets out the range of support the Council will provide for private sector owners to help them improve their properties. Grants are available to owners in mixed-tenure flatted blocks at the following levels:

- Resident owners on income support or other similar benefits - 50%
- Resident owners - 35%
- Non-resident owners - 25%

As non –resident owners, owners of commercial properties will be entitled to grant of 25%.

The Association will be happy to enter into discussions with individual owners where they may have a desire to retain existing components and fittings, but it should be recognised that such arrangements may add to the overall cost of the proposed work and may, in some circumstance not be a practical proposition.

Where an owner does not voluntarily participate in the scheme as outlined, the Council will utilise its powers under the terms of the Housing (Scotland) Act 2006 to enforce repair and improvement works to bring the property up to a reasonable standard and subsequently pursue these owners for recovery of their share of costs.

The Council's Scheme of Assistance also offers other support to private home owners in certain limited circumstances:

- Owners of homes empty for 6 months or more may be able to apply for funding of up to £15,000 from the Empty Homes Loan Fund to help bring their property back into use. Various criteria apply, for example there must be minimum equity levels compared to loan value. To meet loan conditions,

owners must ensure that their property is used for affordable housing for a five year period after refurbishment or sold at a value not more than the Scottish Government Open Market Shared Equity Scheme price threshold (details here <https://www.gov.scot/Publications/2016/05/6131/17>).

- The Council intends to introduce a “Missing Shares” pilot in early 2019, which could help responsible tenement home owners who wish to undertake essential communal maintenance work in older tenement property, but cannot progress the work due to the non-cooperation of one or other owner(s). Qualification for this project will be subject to strict eligibility. Owners would need to follow procedures such as organising a contractor, securing majority agreement from other owners and the majority of owners would need to pay their share into a maintenance bank account prior to work commencing. The maximum amount the Council would pay is around £10,000 per share. The Council would seek to recover any payments it made in respect of missing shares, from the owner whose share was paid.
