

# THE MAKING OF

## Ferguslie Park is changing, help shape its future.

Renfrewshire Council is hosting workshops and events to hear your views on the future of the neighbourhood.

What matters to you and what would you like to see in Ferguslie Park? Come along to our events and workshops to make your mark.

Block printing for cushions
- 13 MAR WORKSHOP**  
Hand building ceramic clocks
- 27 MAR WORKSHOP**  
Colourful concrete planters
- 31 MAR EVENT**  
What's Next?

# EVENTS

Over the next few months we will be hosting two big events to find out what you want to see in Ferguslie Park. These events are open to all and free to attend.

## THE BIG LISTEN

25 FEB 1-7PM

Our first public event is a chance to tell us your hopes and ideas for the future of Ferguslie Park. There will be lots of activities to take part in including a Ferguslie Park board game and making your own digital map of the area.

## WHAT'S NEXT?

31 MAR 1-7PM

Come along to see the ideas that have been put forward and vote for your favourites. You can also see the maps that have been created as well as what's been going on in the workshops.

The events and workshops will take place at:  
Tannahill Centre  
76 Blackstoun Rd  
Paisley, PA3 1NT

# WORKSHOPS

Come along to informal drop-in workshops where you'll make beautiful and useful things for your home and garden.

## WAX CARVING FOR BRASS ORNAMENTS

Make your own brass ornament for your home. In this workshop you will find out about the ancient technique of wax casting and use a range of tools to create different effects. By the end of the workshop you will have a 'wax master' which will be sent away and made into a solid metal version of your wax creation.

14<sup>TH</sup> FEB 11.30<sup>AM</sup>-2<sup>PM</sup>

## BLOCK PRINTING FOR CUSHIONS

Design and print a cushion for your sofa. In this workshop you will design and print your own bold pattern using a technique known as block printing. Experimenting with colour and placement, you will print your own fabric that will then be made into a comfy cushion.

28<sup>TH</sup> FEB 11.30<sup>AM</sup>-2<sup>PM</sup>

## HAND BUILDING CERAMIC CLOCKS

Sculpt a unique ceramic clock. Working with coloured clay we will make our own wall clocks. In the workshop you will be shown how to stain your own clay with pigment and be taught a variety of techniques to build your own clock shape and design. Your piece will then be fired and fitted with a clock mechanism.

13<sup>TH</sup> MAR 11.30<sup>AM</sup>-2<sup>PM</sup>

## COLOURFUL CONCRETE PLANTERS

Construct a colourful plant pot for home or garden. In this workshop you'll learn to mix concrete, add pigments and make your own moulds using recycled materials. The concrete planters will be set aside to dry and returned to you finished and ready for your plants.

27<sup>TH</sup> MAR 11.30<sup>AM</sup>-2<sup>PM</sup>

All materials will be provided. No previous experience needed but feel free to bring pictures or objects that you love to inspire you.
