Dear Ms Marklow

**RENFREWSHIRE LOCAL DEVELOPMENT PLAN – CORRECTION TO
EXAMINATION REPORT
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT PLANNING)
(SCOTLAND) REGULATIONS 2008**

It has come to the reporter's attention via correspondence from Mr H N McLaren, that there is a factual error on page 359 of the above report, relating to Issue 39, Paisley South.

The reporter would like to correct this error,. On page 359 of the report, under the section entitled "Planning authority's summary of the representation" the representee is referred to as "Henry H N McLaren, Representee No (1958)". The representee that these comments should have referred to was in fact Mr W. Armstrong and Family (1858). Unfortunately there was an administrative error in the compiling of the report.

For the avoidance of doubt, I can confirm that the representations for both Mr H N McLaren and Mr W Armstrong and Family were sent to Scottish Ministers for the examination and these were taken in to account by the reporters when reaching their conclusions and recommendations.

We would not normally re-issue reports at this stage and would suggest that this letter of correction is published on your website by way of formal acknowledgement of this minor administrative error which in no way affects the reporters conclusions and recommendations.

A copy of this letter will also be published on the DPEA website alongside the report of the examination.

I trust that this letter clarifies matters.

Yours sincerely

Brian Archibald
