Five public exhibitions during May and June.

Plus the project team held more than **20** consultation meetings with groups and individuals, including community councils and councillors.

Other aspects the project team were asked to consider going forward:

Glasgow Airport Investment Area (GAIA)

93%

of those who expressed an opinion on the project, believed the project will have positive outcomes for the area.

Clyde Waterfront and Renfrew Riverside (CWRR)

94%

of those who expressed an opinion on the project, believed the project will have positive outcomes for the area.

For CWRR opening bridge **Corridor C** was found to be the most favourable option as **61%** of respondents who commented on location, picked that route.

Impact of the proposals on local roads and existing traffic

Opportunities for walking and cycling

Impact on wildlife and the Blythswood woodland area
