NOTICE OF PUBLICATION OF THE MAIN ISSUES REPORT AND STRATEGIC ENVIRONMENTAL ASSESSMENT ENVIRONMENTAL REPORT FOR RENFREWESHIRE LOCAL DEVELOPMENT PLAN 2

Renfrewshire Council has published a Main Issues Report and associated Environmental Report for consultation.

The Main Issues Report sets out Renfrewshire Council's strategy for development, outlining particular proposals for where development should and should not occur and concentrates on the changes that have occurred since the adoption of the current Renfrewshire's Local Development Plan in 2014. The report outlines key planning matters facing Renfrewshire over the next 10 years such as stimulating the local economy and how much new housing requires to be built.

An Environmental Report has also been prepared which considers the potential environmental impact of the strategies for development set out in the Main Issues Report.

Everyone has a chance to comment on the reports and these comments will be considered by the Council in preparing the Proposed Local Development Plan. The consultation period runs from 6 February 2017 to 1 May 2017.
